Thank you. Next speaker is mr. Mahesh Kumar Bunda. Yes sir.

112 "Tech Support Binoy" (1668074240)

00:28:51.315 --> 00:28:59.521

Hello Mr., unmute yourself and speak now.

113 "MAHESH KUMAR BUBNA" (2164568320)

00:28:59.521 --> 00:29:04.672

Hello? Good morning. Good.

114 "Incredible Industries Limited" (784246016)

00:29:04.672 --> 00:29:07.865

Yes, you are audible. Okay. Okay.

115 "MAHESH KUMAR BUBNA" (2164568320)

00:29:07.865 --> 00:29:29.309

1st of all, I congratulate to our chairman, board of directors, company security, CFO, other members, as well as my colleague stakeholders. Very much good afternoon. You see, this company is a core industry.

116 "MAHESH KUMAR BUBNA" (2164568320)

00:29:29.309 --> 00:29:49.309

Because still is coming under a core business core is still industry. So, very, very important industry for the life of any human being. Without steel, our life is not possible because from steel.

117 "MAHESH KUMAR BUBNA" (2164568320)

00:29:49.309 --> 00:30:16.769

Everything house attentionals about everything was built by still. The human being was developed under this industry still is very important. Things in the life of any human being. Okay, now I'm coming to the economy of the entire world is not under a bad situation, even.

118 "MAHESH KUMAR BUBNA" (2164568320)

00:30:16.769 --> 00:30:36.769

America also come under the inflation and Netherlands European countries but you see inflation in India is going on so long years. Our deficit financing of the Indian government budget also we are seeing from outside.

119 "MAHESH KUMAR BUBNA" (2164568320)

00:30:36.769 --> 00:31:00.989

So situation is not good. On the other hand, a lot of this government also changes and this year our election is also very tough and now a strong opposition also come last time the sole party was there. So a lot of changes now America.

120 "MAHESH KUMAR BUBNA" (2164568320)

00:31:00.989 --> 00:31:17.339

Biggest country of the world, their election is also the result will come on 5th November. So it is a very tough after any 99 % American this politics will be changed this time.

121 "MAHESH KUMAR BUBNA" (2164568320)

00:31:17.339 --> 00:31:35.459

So the entire economy of the entire world countries will be affected. India is also affected because our people also depend on the, all the technology science and and everything on America.

122 "MAHESH KUMAR BUBNA" (2164568320)

00:31:35.459 --> 00:31:55.459

If Google will stop it's working for a minute is our country's economy and everything will be affected very roughly. So, you see situation is very and on the other hand side, the prices.

123 "MAHESH KUMAR BUBNA" (2164568320)

00:31:55.459 --> 00:32:20.029

Of all the materials also increased three to four times people's earning is not enhanced. In such a situation to learn a company is very very difficult. Our workman are also working but their family demand is also cannot be taken and not able to afford.

124 "MAHESH KUMAR BUBNA" (2164568320)

00:32:20.029 --> 00:32:40.799

Their family requirement. So they are also one of the pillar of the industry. So companies working very hard and our this production also enhanced and there is a lot of cost curtail I seeing and also some extent.

125 "MAHESH KUMAR BUBNA" (2164568320)

00:32:40.799 --> 00:33:00.799

With this finance cost also the borrowing also cutted from last year to this year eh but one thing I want to remark you that if we will have to more deeply think on our this balance sheet and profitable loss account.

126 "MAHESH KUMAR BUBNA" (2164568320)

00:33:00.799 --> 00:33:34.879

Then we can able to some more rectification of our this economic strategy so that we can able to save a lot of money and we can enhance our earning per search. So can I able to guide you something? You see the most of the companies in steel industry, they are lost their status e.g. one two company's name I will now refer those.

127 "MAHESH KUMAR BUBNA" (2164568320)

00:33:34.879 --> 00:34:08.179

In the very big player in the market in is still industry. A lot of companies are there, those who lost their this status. So I I would request because most of the companies going to still industry in NCLT for this bank loan borrowings, et cetera. Now this is the game plant going on in the Indian market because this supplier and banker.

128 "MAHESH KUMAR BUBNA" (2164568320)

00:34:08.179 --> 00:34:28.179

Are going to, so we must have to take care that we will enhance our equity capital. Our equity capital can be enhanced. There is lot of chances. Now, so many companies every day coming in the IPO market with high premium where there is NO liability on the management.

129 "MAHESH KUMAR BUBNA" (2164568320)

00:34:28.179 --> 00:34:54.679

Inside to pay any interest or any dividend. The board will, if the company will earn good profit board of director will think that we will have to declare the dividend, then only they are paying. So it is in the current market scenario, only the equity is shared capital to be enhanced so that we can able to cop up.

130 "MAHESH KUMAR BUBNA" (2164568320)

00:34:54.679 --> 00:35:16.769

For better performance in history capacity and so that we can able to achieve better result. This is the main factor of my suggestion that we will have to come with a IPO. Before that, we will have to subdivide ourseer capital.

131 "MAHESH KUMAR BUBNA" (2164568320)

00:35:16.769 --> 00:35:36.769

Value to one rupees so that the number of shareholder will increase in the market because the market, this trading lot is one share. So a lot of people will join the company and our shareholder distance will also in enhanced shareholder distance.

132 "MAHESH KUMAR BUBNA" (2164568320)

00:35:36.769 --> 00:35:56.769

This is also very important in any industry so that if higher number of stakeholder is there, then we can able to further issue of our capital tool as a right issue, then it having get a lump sum money from.

133 "MAHESH KUMAR BUBNA" (2164568320)

00:35:56.769 --> 00:36:17.459

To add our capital. So I I'm not telling you that only you suddenly enhance the equity, you must have to think for the earning for everything you have to have to check. Then you have to justify that to reduce the borrowing and enhance the capital.

134 "MAHESH KUMAR BUBNA" (2164568320)

00:36:17.459 --> 00:36:35.579

That will be more beneficial beneficial to the eh, eh company. So, if you see the borrowing, we having the borrowing in the financial liability, current liability is very heavy it is 32.6 at growth.

135 "MAHESH KUMAR BUBNA" (2164568320)

00:36:35.579 --> 00:36:51.959

From last year it was in a little bit 2986 left to 3268 left. Again, I am coming to this borrowing in the current liabilities also.

136 "MAHESH KUMAR BUBNA" (2164568320)

00:36:51.959 --> 00:37:11.959

That it also some boring has been paid off from ten points high to 3.26 it comes down to one 3rd. It is good sign, but on the other side the borrowing is very high. That's why.

137 "MAHESH KUMAR BUBNA" (2164568320)

00:37:11.959 --> 00:37:31.319

This finance cost is five coral 9000000. It it has not reduced till now. If you see your total net profit, 5.9 60000000, that is equivalent to your this finance cost.

138 "MAHESH KUMAR BUBNA" (2164568320)

00:37:31.319 --> 00:37:47.249

So if we will have to reconsider this all this, my suggestion then if we will act, then this finance cost will be wipe out and we can able to achieve a better result.

139 "MAHESH KUMAR BUBNA" (2164568320)

00:37:47.249 --> 00:38:07.249

Because the earning per share is only 1.2 at rupees per share. That is very low and GST is also very high. So this is also a very killing there is NO suggestion there is NO suggestion because it's a government.

140 "MAHESH KUMAR BUBNA" (2164568320)

00:38:07.249 --> 00:38:30.090

So but this government has used this GST only this is my suggestion, I will not because there is a board of directors who are very eh, knowledgeable and in this field that they are very much NO more than me.

141 "MAHESH KUMAR BUBNA" (2164568320)

00:38:30.090 --> 00:38:50.090

So I cannot able to give them better suggestion than me. They, they know much more better than me. And the one thing from the cash flow, it hasn't enhanced from last year too, but we must have to take some initiative to.

142 "MAHESH KUMAR BUBNA" (2164568320)

00:38:50.090 --> 00:39:11.520

Enhanced our production and we will go to the microeconomic policy for reducing the cost and enhancing the production, then also can have a better result than the current situation. Our financing activity from the cash flow I am seeing it hasn't enhanced from last year to this year.

143 "MAHESH KUMAR BUBNA" (2164568320)

00:39:11.520 --> 00:39:26.910

So better have to take some innecity so that our operating this activity should be enhanced. With this remark, I thank to board of directors and all the staff members that they are working very hard.

144 "MAHESH KUMAR BUBNA" (2164568320)

00:39:26.910 --> 00:39:43.560

And I am with the management very strongly because the promoter is also known to me since 1982. My G my old friend from 1982 thanks to him.

145 "MAHESH KUMAR BUBNA" (2164568320)

00:39:43.560 --> 00:40:12.815

That he has built this company and eh, better in future we can able to take our company's height up to data steel one day, whether I will be surviving this life or not, but my my view that this this company will go up to the level of data steel. Thank you all for presenting. Okay, Hello?

146 "Incredible Industries Limited" (784246016)

00:40:12.815 --> 00:40:19.307

152 "Jaydip Bakshi" (2046266368)

00:41:37.470 --> 00:41:57.470

And what is the present inventory positions? So regarding the wheel windmill functioning, how much has been the revenue on from this sector and nothing to add more, I wish the company all the best in the coming years. And one more thing, the safety standards also because we are also handling many hazardous items and which can be.

153 "Jaydip Bakshi" (2046266368)

00:41:57.470 --> 00:42:17.960

Should be handled delicately so so that we can maintain a zero accident so kindly look into this also, the safety standards also. Ok, so nothing to add more sir. Wish the company all the best and where is brand value continue in the coming years also. Thank you sir, for giving me an opportunity.
