OCCUPATIONAL HEALTH & SAFETY MANAGEMENT SYSTEM - ISO 45001:2018

This is to certify that:

Incredible Industries Limited  
Rolling Mill Plant  
Raturia, Angadpur  
Durgapur 713 215  
West Bengal  
India

Holds Certificate No:

**OHS 595822**

and operates an Occupational Health and Safety Management System which complies with the requirements of ISO 45001:2018 for the following scope:

Manufacture of Sponge Iron, Billets, TMT Bars, Wire Rods and other Long Products for  
Constructional and Industrial Applications.

For and on behalf of BSI:

  
Theuns Kotze, Managing Director Assurance - IMETA

Ref: Your letters dated 03.11.2014 & 03.11.2014

**Sub: Certification for "Primary Steel Producers" for Adhunik Corporation Ltd & Adhunik Industries Limited.**

With reference to the above, our Inspecting Engineer has visited M/s. Adhunik Corporation Ltd., Haniman Sarani, Angadpur, Durgapur -15, W.B & M/s Adhunik Industries Ltd., Raturia, Angadpur, Durgapur-15, W.B. on 15.11.2014. A structured evaluation of its capabilities was conducted and verified based on the documents and witnessing the processes and testing.

It is certified that the plant is an integrated steel plant/primary steel producers. The manufacturing process is DRI-IF-CCM-RM. The plant maintain proper manufacturing quality assurance plan and well equipped laboratory with modern facilities that include Spectro Meter and Universal Testing Machine (duly calibrated).

The Organisation is certified to ISO-9001:2008, ISO 14001:2004 and OHSAS 18001:2007. The products i.e. TMT bars, Steel rounds and Billets are approved by Bureau of Indian Standards (BIS).

## TO WHOM IT MAY CONCERN

**Sub:** Assessment on visit of steel plant of Adhunik Industries Ltd. at Raturia Industrial Area, Angadpur, Durgapur - 713215.

**Ref:** Letter dated 20.03.15 and 12.05.15 of Adhunik Industries Ltd. Corporate office: "Lansdowne Towers", 2/1A, Sarat Bose Road, Kolkata - 700020 regarding plant visit at Durgapur.

The undersigned visited the steel plant of Adhunik Industries Ltd. at Durgapur on 15.05.2015 and physically verified the process of manufacturing of Billets at Adhunik Corporation Ltd. as per IS 2831:2012 at Hahniman Sarani, Angadpur, Durgapur - 713215 and TMT reinforcement steel bars at Adhunik Industries Ltd. in conformity to IS 1786:2008 at Raturia Industrial Area, Angadpur, Durgapur - 713215.

Adhunik Industries Ltd. is one of the **original/primary producers** like TISCO, SAIL, RINL, SHYAM STEEL INDUSTRIES LTD. etc. for producing sponge iron, billets as per IS 2831:2012 directly from the basic raw materials i.e. iron ore adopting the process of manufacturing: Iron Ore + Coal → DRI → Sponge Iron → Billets → TMT Bars as per Clause 1009.3.1 of MoRT&H Specification (5<sup>th</sup> Revision), 2013. TMT Rebars are produced by them from 8 mm dia to 32 mm dia as per BIS Specification (Fe 500 / Fe 500D etc.). The plant maintains the proper manufacturing quality assurance plan and well equipped laboratory with modern testing facilities that include Spectrometer and Universal Testing Machine (duly calibrated).

In view of above, Adhunik Industries Ltd. may be considered as an 'original producer' of TMT rebars along with SAIL/TISCO/RINL/SHYAM STEEL INDUSTRIES LTD. and may be approved for use in bridge works in terms of Clause 1009.3.1 of MoRT&H Specification (5<sup>th</sup> Revision), 2013 and also in the building works **subject to** the periodical verification by at random testing (physical and chemical) of diameter wise sample from each consignment as per provision of tender contract and concerned codes from a recognized and independent NABL accredited laboratory **only** to ensure that the test results conforms to IS 1786 requirements **before using the steel materials in the project works.**

GOVERNMENT OF ASSAM  
OFFICE OF THE CHIEF ENGINEER, PWD (ROADS), ASSAM  
CHANDMARI, GUWAHATI - 781003

No. CE/SRC/1/2017/PT/334

Dated: 20<sup>th</sup> of October, 2023

TO WHOM IT MAY CONCERN

This is to certify that the following enlisted firms/ companies are hereby approved for use in construction works under this Department for specifically mentioned work items, (primary /secondary producer) subject to fulfillment of all requirement of relevant BIS/ IRC codes and Ministry of Road Transport & Highways (MoRT&H)/ MoRD specification and satisfactory performance.

1. Primary Producer:

Sl. No.	Company	Brand/ Products
1	TATA Steel/ TATA Tiscon	TMT Corrosion Resistant Steel (CRS) reinforcement bar of Fe-550N/sqmm (Fe-550 D) or above/ TMT Super Ductile (SD) reinforcement bar of Fe-500N/sqmm (Fe-500 D)
2	SAIL	
3	Esser Steel	
4	Jindal steel	
5	Shyam steel	
6	Vedanta (ESL STEEL LIMITED)	

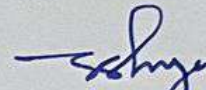

2. Secondary Producer:

Sl. No.	Company	Brand/ Products
1	Captain Steel India Ltd.—Kolkata	Fe-500/ Fe-500 D / Fe-550/ Fe-550 D conforming to IS-1786.
2	Saluja Steel & Power Pvt. Ltd.—Jharkhand	
3	Incredible Industries Limited—Kolkata	
4	Rashmi Metaliks Limited--Kolkata	
5	Srijan Systems Pvt. Ltd—New Delhi	
6	Jai Balaji Industries Limited	
7	Shyam Metalics and Energy Ltd. (SEL TIGER TMT Rebars), Kolkata	
8	Adhunik TMT Bars, Kolkata	
9	Satyam Ispat (North-East) Ltd, Arunachal Pradesh	
10	Rungta Steel, Jharkhand	
11	Maan Steel & Power Ltd. (Maan Shakti TMT bars), Bardhaman	

In this context, the approval is hereby granted subject to the following conditions:

- a. This approval has been granted on the basis of documents/information furnished by you at the time of application and upon satisfactory test reports submitted from Government accredited Laboratories/ Testing Agencies.
- b. The TMT bars shall conform to the requirements of IS:1786. Each consignment of rebars should accompany valid test certificates and satisfy both the physical and chemical properties as per relevant IS and IRC standards.
- c. This enlisting shall not bind Public Works Roads Department, Govt. of Assam to give your products any priority or preference and placement of purchase orders and does not guarantee that all or any of the enquires for the above items would necessary be sent to you.
- d. Only fresh reinforcement bars shall be brought to the site. Every bar shall be inspected before assembling on the work site and defective brittle or burnt bars shall be discarded. Bars with cracks ends shall be discarded.
- e. Periodic checks on quality shall be carried out by field engineers and in case the quality and performance of the products are found to be unsatisfactory the Department may withdraw this approval.
- f. The product/s itself shall invariably bear the brand name and all the relevant details such as date/year of manufacturing etc.

Estd.: 26/04/1870

Memo No. 385-157/GM/DEV/23

Date 06.10.2023

To

**INCREDIBLE INDUSTRIES LTD ( Formerly M/S Adhunik Industries Ltd)**

Lansdown Tower, 2/1 A, Sarat Bose Road

Kolkata 700020.

**Kind Attention:** Mr Priyabrata Chatterjee, Sr Manager (Marketing)

**Sub:** M/S Incredible Industries Ltd, an integrated steel plant/Primary producer  
located in Durgapur WB .Brand approval(Adhunik TMT Bar)

**Ref :** Your letter vide memo no- IIL/Registration/2023-24/06 Dated-13/09/2023

This is to certify that reinforce bars of: M/S Incredible Industries Ltd( formerly known as Adhunik Industries Ltd.) has been used in construction work at Hidadpur Gobardanga, through Dam Enterprise (Dealer). After physical verification and from technical test report(Test Certified no AIL/TC-TM/AUG-23/1786/016) ReBars of this company found satisfactory. This is also found they are integrated plant and Primary Steel producer of TMT Re Bars, duly licensed. Hence we do hereby approve M/S Incredible Industries Ltd, located at Angadpur, Durgapur-713215, as an original source for supply of TMT bars in accordance with technical specification as per IS:1786:2008(Fe-550D, Fe500D) for all type of project.

Yours faithfully,

  
Chairman

# ULUBERIA MUNICIPALITY

ULUBERIA , HOWRAH

Memo No.UM/...2016/PND

Date 27/06/2022

To,  
Senior Manager Marketing,  
Adhunik Industries Limited,  
LANDSDOWN TOWER,2/1A,  
SARAT BOSE ROAD,  
KOLKATA-700020,

Ref:-Your letter addressed to The Chairman,  
Uluberia Municipality, On 01.10.18,Regarding use of  
Fe 500D TMT Bar .

Sir,

To approve the TMT Bar the following points are to be considered.

Fe 500/500D –Materials of this grade are high strength with high ductility . The UTS/YS ratio is also high and with highest % of elongation. The bend ability is also high. So Fe 500 D grade materials are highly flexible with balanced mechanical property.

Fe 550/550D –Materials of this grade are high strength with moderate ductility. The UTS/YS ratio is low moderate elongation and bend ability.

'D'- means ductile, the grades with 'D' is high ductile compared to normal grade.

Fe 600-material of this grade are high strength with lowest ductility and low UTS/YS ratio. The elongation is not suitable for building construction.

Conclusion –From the above discussion it can be concluded that TMT re –bars with Fe 500D/550D grade manufactured by primary steel producer/Integrated Steel Plant is the most suitable for building construction because it has a balanced mechanical (Strength & ductility) with consistent quality and be the best choice for earth quake resistance due to high ductility.

In this case test report verified and found suitable as per IS: 1786:2008. Elongation as per test report is found 18.25% to 20.00% and is suitable and it can be called as EQR TMT BAR.

As per paper verification as supplied it is found that they have integrated Steel Plant and Steel manufactured using Iron ore and as such the TMT Bar is approved and be used in all important structures under Uluberia Municipality.
